

Morselt Bluetooth Hardware Key Manual

1. Download and install the Morselt App from the Apple Store, use the QR Code and your camera app to access it directly. To fully utilize, you'll need to pay for the app via in app purchases.

2. Plug your key into the unit; it will automatically power the unit on.
3. On your iOS device, go to Settings -> Bluetooth and from the list select the device "MorseKey" from the list and allow it to pair.

4. Open the Morselt App, go to Settings -> Key Type and configure your key.
5. From the bottom menu, select the "Tap" icon and test the key.
6. Make sure to unplug the key when done using to keep the battery from draining.

Charging

When the LED on the jack side of the device changes to red the battery is low.

1. Plug the key (or any plug adapter) into the device.
2. Plug a USB mini cable in the charging port. Battery is full when the LED turns blue.

Reset

1. Press and hold the reset button for 2 seconds, the LED will flash through red, green and blue and then hold solid red.
2. Repeat the pairing process with the iOS device.
